Room GST
cheat sheet for Indian hotels

1. ☐ **Room up to ₹7,500 a night: 5% GST.**
   No input credit at 5%. Above ₹7,500 a night: 18%, with input credit.

2. ☐ **5% = 2.5% CGST + 2.5% SGST.**
   Even for a guest from another state: the hotel's state is the place of supply, so no IGST on the room.

3. ☐ **Worked example: ₹4,000 room.**
   GST ₹200 = ₹100 CGST + ₹100 SGST. Bill total ₹4,200.

4. ☐ **Discount on the bill? Take it off first.**
   A discount shown on the bill comes off before GST is worked out.

5. ☐ **Keep one GST register.**
   Every bill with its tax split, ready to export for your CA.

Rizstay puts room + restaurant on one bill and works out CGST + SGST on it. GST register exports to Excel.
